

"Did you know?"

90% of brain development happens through play
before age 6!

Play Therapy

PLAY is the highest form of learning"

The Magic of Sensory Play

"Sensory play stimulates sensory nerves, improving focus, creativity, and emotional regulation!"

1

Sand Play-The Secret to Writing Skills

"Kids who play with sand develop stronger finger muscles—essential for holding a pencil and writing!"

Play with Natural Clay: The Hand-Brain Connection

"Moulding clay builds fine motor control, strengthens hand muscles, and improves focus—just like learning a new language!"

3

Barefoot Walks: Nature's Brain Booster

"Walking barefoot
activates 2,00,000
nerve endings in the
feet, improving
balance,
coordination, and
brain growth!"

4

Jumping & Crawling: The Hidden Brain Workout

🧠 "Movements like jumping and crawling create neural pathways that improve speech, reading, and emotional control!"

Play isn't just fun! **it's brain-building** **magic!**
